LA REPRÉSENTATION DU DISCOURS AUTRE

Principes pour une description

[Representation of the Discourse Other: Principles for a Description]

This book offers a general model of *reported speech* that relies on clear, well-argued theoretical choices in order to describe accurately the diversity of observed situations. The metalanguage/alterity articulation is critically discussed at various levels (language, discourse, subject) where a central function of differential auto-configuration takes place.

Jacqueline Authier-Revuz, Université Paris 3 - Sorbonne Nouvelle, Paris, France.
